

## Christmas Lights **ADVENTure** Trail

During December we will be holding a Christmas Lights ADVENTure Trail where 25 houses in the village will light up daily to each reveal the Advent numbers within their festive displays.

We are currently looking for 25 households to have one of the ADVENT numbers visible in a window, door or porch that can be seen from the path / road outside your property for children to find and mark on their maps.

The display would need to be up from Saturday 4th December and visible each evening between 4pm and 7pm throughout December.

If you are willing to have a number displayed at your property please pass your details including name, contact number or email and road name to either a PTA member or Mrs Massey before **Friday 5th November** so we can pick 25 properties spread out around the village.

More details and information on how to purchase a map will be available nearer the time.
